

Beyond Wellbeing: Creating Cultures Where Staff Thrive

Investing in “Happiness at Work” is not just an investment in employee well-being—it’s a **strategic approach** that can deliver substantial returns by focusing on culture. It is a practical approach with a full toolkit that enables leaders to move from theory to reality in leveraging the strategic advantages of this robust organisational research.

7 Drivers

Rather than targeting surface level and tokenistic measures, it delivers on the deeper drivers of job satisfaction, engagement, and long-term productivity. By adopting this evidence-based approach, you can elevate staff well-being to a new level, ensuring sustainable improvements that go beyond temporary morale boosts, resulting in a more vibrant, resilient, and high-performing school community.

- **Rigorous:** Learn about the research and why actions based on the 7 drivers will deliver a multitude of benefits to your school.
- **Staff interviews and assessments:** Instead of the annual survey, use the 7 drivers to gain insights and knowledge that will be truly useful in creating a better experience of work for all.
- **Baseline:** Use the 7 drivers to make judgements about the current position and set a baseline that paves the way for practical change.
- **3-year strategic plan:** Support for senior leaders in creating a plan to deliver on incremental change.
- **Leadership programme:** Train colleagues on key research and provide them with knowledge, tools and skills to drive forward developments and influence school culture positively.
- **Empowerment:** Increase the knowledge of all colleagues on the Happiness at Work research and help them to see how everyone is part of the solution.

Set out strategic plans for development.

Enable everyone to be active agents for change.

Assess and target the 7 key drivers.

Organisational Benefits:
